Designed by passionate kayakers, the Vitäl 166 is ideal for small- and medium-sized kayakers. The Vitäl marries design with performance and a style so sleek it flips British kayakers with envy. The Vitäl already boasts **"favourite kayak"** status: kayakers who gave it a trial run were seduced the moment they stepped in it. The Vitäl 166 delivers excellent handling and surprising primary and secondary stability. Whether you plan to set out on an expedition, hit the surf or "park 'n' play," the Vitäl 166 makes you and the water one.

Get ready to experience new heights with the Vitäl 166.
